## MRS. HENNEKE HASHEMORRHAGE OF BRAIN, DIES

Cape Woman Came From  
Germany in 1861—Was 66  
Years Old Sept. 26.

### ILL A YEAR AFTER PARALYTIC STROKE

Four Sons and Sister Survive—  
Was Married in Cape  
in 1869.

Mrs. Sophia Henneke, who has been a resident of the Cape since 1861, died at 11 o'clock last night at her home, 145 South Frederick street, as a result of a hemorrhage of the brain that she suffered four hours earlier. She had been ill for more than a year with heart trouble and last spring suffered a stroke of paralysis that nearly became fatal.

Mrs. Henneke, although she had been ill for the last year, was able to be up and she did much of the housework at her home.

Tuesday she was seriously ill, but yesterday she felt much improved during the day. She had been forced to remain abed for most of the time following the stroke of paralysis last spring, but yesterday afternoon she got up and sat in a chair. She was forced to return to her bed at 5:30 o'clock, however, and at 7 o'clock she suffered the cerebral hemorrhage.

Her physicians were powerless to aid her thereafter, and the attack made her unconscious. She sank rapidly from that time on, and at 11 o'clock, when all the members of the family except one son who lives in the country were present, she passed away.

She was 66 years old on Tuesday, September 26, last, and was born in Hanover, Germany. She came over to America in 1861 when the Civil War was opening, and immediately after her arrival here, she came to the Cape. Eight years later she was married to Christopher Henneke, who died three years ago. One of their sons, Herman Henneke, died in 1901, and the children who survive her are: Edward Henneke, who is in charge of a lunch stand in Gross & Ruh bar on Good Hope street; Martin, William and Emil Henneke.

All the sons reside in the Cape except William Henneke, who is on a farm near Gordonville. She also is survived by a sister, Mrs. Carolina Rupert, who has resided in the Cape at the home of George Fedder, railroad mail clerk working out of the Cape.

Last night no funeral arrangements had been made. Mrs. Henneke was a member of Trinity German Lutheran Church.

### MORTGAGE TO ENGLAND IS SOCIALISTS' FEAR

Berne, Oct. 4.—In a strongly censured editorial the Milan newspaper, Avanti, the central organ of the Italian Socialists, demands that the Government conform or deny the rumors that the loans granted to Italy by England for war purposes had to be secured by mortgages on railroads and custom receipts. The paper states that sums advanced by England to the Italian Government are nearing the billion dollar mark and it expresses the fear that this enormous debt may turn Italy into a British dependency.

Committing on the article, the Bund says:

"Portugal is already completely mortgaged to England and France and Italy will be in almost the same position soon. No matter how the war ends, England is sure to win, because her present allies will be so deeply indebted to her that in the future they cannot do anything without permission from London."

### BEEF SUGAR TO SHOW STRIKING INCREASE

Denver, Colo., Oct. 4.—Beef sugar factories are just beginning their annual operations. Owing to the high price of sugar the output will be much larger than last year. The civic and commercial association reported today that there are 225,000 acres sown to sugar beets in Colorado alone, against 160,000 acres last year. The production is estimated at 2,900,000 short tons, against 1,820,000 a year ago, while the value will rise from \$33,000,000 to \$50,000,000.

## BLOW AT HIGHWAY ENGINEER SPIKED

Petition to Abolish Office Lacks  
Many Names of Being  
Sufficient.

A move to abolish the office of County Highway Engineer which is occupied by Dennis Scivally yesterday was quashed by the County Court when it hung the proposition on a spike.

A petition to have the road engineer's job pruned from the county's payroll was filed some time ago in the office of County Clerk Blucher Sperling. It contained 441 names.

When the County Court took the petition under consideration an investigation was made to learn what would be the power of the petitioners. Under the State Statutes, Section No. 10571, it is set forth that 10 per cent of the voters of the county must sign the petition to do away with the position of Highway Engineer, before the question may be submitted by the County Court to a vote of the people.

Under that provision it was declared that a petition would have to have at least 600 names of voters before it could get consideration. And for the reason that the petition was insufficient, its prayer was denied.

The County Court yesterday drew the juryman for the November term of the Common Pleas Court who are as follows: Applecreek township, Theo. E. Kasten, Charles Gross and C. J. Crites; Bryd, Julius Phillips, William Hoffmann, Emory Delpha and S. C. Lail; Cape, Ed Schneider and R. C. Mabrey; Cape Girardeau city, M. C. Krueger, J. P. Whiteside, F. F. Braun, and E. G. Gramling; Hubble, W. H. Deneke and William G. Meisenheimer; Kinder, Joe L. Meyer; Liberty, J. A. McCullough; Randol, Lewis Seism and Linus Sanford; Shawnee, Fred Kahnert, F. E. Davis; Welch, Reinhold Ruebel, and Whitewater, C. W. Haupt and George W. Loos.

### FOX ATTACKS AND KILLS HIS 'POSSUM ROOMMATE

Cannibal in Overstolz's Zoo is Gradually Consuming His Fellow Inmates.

A red fox, presented to the Overstolz zoo on South Middle street, by Judge Edward D. Hays, and which recently developed cannibalistic habits, has assassinated Stanley, the 'possum. The fox and the 'possum have been stable mates since reynard became an inmate of the zoo. The fox has consumed two squirrels, which he captured while they were scurrying through his cage, but Stanley appeared to have Old Br'er Fox buffaloed.

The 'possum had spent most of the daytime in a hollow log, which was provided for his sleeping quarters. During night he prowled about the cage.

It was while Stanley was out for his evening stroll that he was attacked by the fox. The 'possum attempted to fight back, but his antagonist was too large for him. After being brutally murdered, the 'possum was partially devoured.

The dedication of the new schoolhouse at Egypt Mills on October 14 will be the occasion for a huge celebration in which eight county schools will take part.

The celebration will last all day, and one of the interesting features of the event will be a school fair in which pupils and teachers will compete. Many teachers have notified the Egypt Mills School Board that they will attend the celebration, bringing their pupils with them.

A basket dinner will be served on the ground. Candidates for the various county offices have been invited to be present and address the gathering. Miss Emma L. Hoffman, principal of the school, and Miss Gertrude Shoults, assistant to Miss Hoffman, are in charge of the unique affair.

Exhibits at the fair will be many farm products, and Seth Babcock of the Normal School, will preside as judge, awarding the prizes, the list of which has not been announced.

The dedication exercises will begin at 10:30 in the morning, commencing with the invocation which will be said by the Rev. Lohmann of Egypt Mills. Prof. R. S. Douglas of the Normal School will make the dedicatory address, which will be the principal address in connection with the school exercises.

### KNIGHTS OF COLUMBUS HAVE EVENING AT THE ELKS CLUB

Luncheon and Dance Follow Installation Exercises—Father Levan Delivers Address.

The installation exercises of the Knights of Columbus, which were held in the lodge hall Tuesday evening, were followed by a social entertainment at the Elks clubrooms.

The ladies who did not dance played cards in the cozy rooms at the north end of the hall. But before the lodge members began to play cards and trip the light fantastic, sandwiches, coffee and ice cream were served.

Five hundred sandwiches were ready to serve when the crowd reached the hall. Another supply was prepared after the guests arrived and began to feast.

Father Levan, president of St. Vincent's college, John Lilly and Leo Dohogne delivered addresses at the installation exercises. Several pretty musical selections were rendered during the services.

## CITY APPEALS ITS TRAFFIC ORDINANCE

Will Test Snider's Opinion in a  
Higher Court—Other  
News.

Judge John A. Snider's ruling in Common Pleas Court in which he knocked out the provisions of the city's ordinance on traffic and stopping vehicles in the streets, yesterday was appealed to the St. Louis Court of Appeals by City Counselor O. A. Knechans.

Judge Snider declared the traffic ordinance unconstitutional and unconstitutional for cities of the third class, in his decision handed down several days ago in the trial of a complaint against C. E. Tinsley, who was arrested and fined in Police Court for stopping and standing his auto in the middle of the street.

Tinsley appealed the case to the Common Pleas Court where he won it, and on the instructions of Mayor Kage, Knechans yesterday prepared to appeal.

The traffic ordinance as it now stands on the books of the city is modeled after the ordinances in St. Louis and Springfield, Mo., where they are considered by jurists to be models. Knechans and the Mayor also contend that the State laws give the city the right to make an ordinance such as the Cape now has.

In taking the appeal, Judge Snider declined to give the city credit for the \$10 appeal fees and Knechans furnished the funds for the appeal out of his own pocket.

A motion also was filed in Common Pleas Court yesterday to allow a non-suit in the Dyer \$10,000 damage suit against the Frisco which was taken from the jury last week by the Judge and a verdict for a railroad ordered, the Judge declaring that the attorneys for the plaintiff failed to make a case.

A non-suit may be taken under the law at any time before a case is allowed to go to a jury. In this suit, although the suit was decided, it was decided on the orders of the court and the attorneys for Mrs. Dyer assert that the issues never have gone before a jury for its consideration and for that reason a non-suit is possible.

In the event that the Judge, who reserved his opinion till later, allows the non-suit, the damage suit against the Frisco will be brought in a different manner.

### BREACH OF UROMISE SUIT BRINGS OFFER TO WED

Girls Driven to Trenches, Attack-  
ed and Murdered—50,000  
Killed.

Special Dispatch to The Tribune.

London, Oct. 4.—The Rumanian invasion of Bulgaria has failed and the Bulgarians are attempting a counter-invasion, according to official reports received in London tonight.

On the great part of the Dibrudia front, however, as well as in the Carpathians, the Russo-Rumanians have struck heavy blows against the Teuton-Bulgarian troops, capturing more than 4000 prisoners.

Special Dispatch to The Tribune.

Berlin, Oct. 4.—The Sofia correspondent of the Frankfurter Zeitung has submitted a report of the investigation of Rumanian atrocities in Dobruja, which was conducted by the United States through Charge D'Affaires Warfield. A trail of assassination and incendiarism was followed everywhere and former reports without exception were found to be correct by the investigation.

Men of every station of life were shot and the prettiest girls were driven to the Rumanian trenches, attacked and murdered, especially in the vicinity of Silistra. Many women and children were either shot, according to the report, or locked in buildings which were burned. The number of civilians killed is estimated by Warfield to be at least 50,000.

Special Dispatch to The Tribune.

London, Oct. 4.—The Allies pressed forward today on both wings in Macedonia. The Servians, fighting on their own soil, captured seven towns, according to Saloniki dispatches. The greatest gains were made by the Servians and British.

### HOLD COURT AT ROADSIDE

Bain and Benton Man Settle for Dam-  
age to Siebert Window.

When Captain Wilson C. Bain yesterday afternoon started out to Benton to settle a damage suit brought by reason of the destruction of the plate-glass window in the front of S. P. Siebert's store by an automobile a few days ago, he was met by the auto owner at Kelso on his way to the Cape.

The lawyer and the autoist got out of their respective machines, held a mutual court at the side of the road and settled the damages without getting as far as a Justice of the Peace court.

The car that did the damage at the Siebert store was owned by F. C. Miller of Benton. His driver was running the machine a few days ago when he stepped on the accelerator rather than a brake and dashed the car into the plate-glass window. Miller paid \$11 for the window without a word of dissatisfaction, turned about and started back toward his home. Bain did likewise.

He lured the woman to Grand Rapids and married her on September 19. The following day he killed her in the woods two miles from Grand Rapids and took her money.
